Cómo usar la IA para mejorar tu writing

Tres pasos para que ChatGPT o Claude te corrijan un texto y te pongan nota con criterios de examen, del A2 al C2.

Un asistente de IA puede darte un feedback muy detallado sobre lo que escribes en inglés, pero solo si le das la información que necesita. Si le pegas el texto y le pides "corrígemelo", te devolverá algo genérico. Si sigues estos tres pasos, te dará una corrección, una lista de errores y una nota para cada criterio.

1. **Pega la tarea** que te han pedido, para que sepa qué tenías que escribir.
2. **Pega los criterios de evaluación** de tu nivel, para que sepa cómo puntuarlo.
3. **Pega tu texto y la instrucción final**, para que sepa exactamente qué tiene que hacer.

Paso 1: la tarea

Copia el enunciado de tu tarea en el chat. Si no tienes una, aquí tienes un ejemplo para cada nivel.

Ejemplo de tarea · A2

Write an email to a new friend. Tell them about your family, where you live, and one thing you enjoy doing in your free time. Write 80 to 100 words.

Ejemplo de tarea · B1

You have seen this notice in an English-language magazine.
Stories wanted: A time I felt proud of myself. Tell us about a moment you felt proud. What happened? How did you feel? The best stories will appear in our next issue.
Write your story in 140 to 190 words.

Ejemplo de tarea · B2

You see this announcement on an English-language website.
Articles wanted: The most useful thing I have ever learned. What is the most useful thing you have learned? Who did you learn it from? Why is it useful?
Write your article in 140 to 190 words.

Ejemplo de tarea · C1

A magazine has asked for contributions to a series on modern life. Write a report examining whether people today have a better work-life balance than previous generations, referring to relevant evidence and giving your own conclusions. Write 220 to 260 words.

Ejemplo de tarea · C2

A respected journal is inviting submissions for a special edition on language and identity. Write an essay exploring the extent to which the language or languages we speak shape our sense of who we are. Draw on relevant examples and present a well-argued case. Write 280 to 320 words.

Paso 2: los criterios de tu nivel

Busca tu nivel y copia el bloque entero en el chat, debajo de la tarea. Los cuatro criterios son los mismos en todos los niveles: **Content** (¿respondes a todo lo que te piden?), **Communication** (¿el texto consigue su objetivo con el lector?), **Organisation** (¿está bien estructurado y conectado?) y **Language** (¿usas bien el vocabulario y la gramática?). Lo que cambia es lo que se exige en cada nivel.

Pega tu redacción debajo de los criterios y termina con esta instrucción:

Instrucción final

Please correct the text below and list all the corrections underneath it. Then give a score for each of the four criteria above, with a brief explanation for each score based on the descriptors provided.

Lo que te va a devolver

Texto corregido	Tu redacción con todos los errores arreglados.
Lista de correcciones	Cada cambio por separado, para que veas exactamente qué estaba mal.
Nota por criterio	Una puntuación para Content, Communication, Organisation y Language.
Explicación	Por qué te ha puesto cada nota, según los descriptores de tu nivel.

Cómo sacarle más partido: escribe un primer borrador, pide la corrección, reescríbelo tú sin copiar la versión corregida y vuelve a pedir la nota. Lo que aprendes está en esa segunda versión. Y ten en cuenta que la IA a veces se equivoca, así que si una corrección no te convence, pregúntale por qué.
